

LINE ARRAY 15" SUBWOOFER SYSTEM

The LA5-S15 is a single 15" high-performance ultra-low frequency line array speaker system, which can be configured with LA5 series line array speakers. The LA5-S15 cabinet is made of 18MM multi-layer high-density birch plywood, and the outer cabinet is wear-resistant and environmentally friendly water-based paint, metal shed steel mesh, with sound-transmitting dust-proof and sound-proof sponge inside. The enclosure is designed to be dust-proof and moisture-proof to ensure stable work in dust, smoke, and humid environments. LA5-S15 is the best choice for you to hold small performances, KTV rooms, conferences, concerts, multi-purpose halls and other system projects.
